

**Final Science Strategy  
Lower Colorado River Multi-Species Conservation Program  
Final Resolution 08-001**

**Steering Committee Final Motion 08-002, October 24, 2007**

The Steering Committee acknowledges the Science Strategy as Final.

(Moved by Lesley Fitzpatrick, seconded Jon Sjoberg, and adopted by consensus)

**Final Resolution 08-001**

Whereas, Reclamation prepared a Draft Final Science Strategy dated August 4, 2006;

Whereas, the Steering Committee acknowledged the Draft Final Science Strategy on August 23, 2006, with the recognition that it was the intent of the Program Manager for the document to remain in draft form for one year;

Whereas, as the Draft Final Science Strategy has remained in draft form for a year;

Whereas, the Program Manager is recommending that the Science Strategy be finalized with no changes at this time;

Whereas, due to the adaptive management component of the program, it is acknowledged that the Final Science Strategy may be revised and updated from time to time; now, therefore, be it

Resolved that the Steering Committee now acknowledges the Science Strategy as final.
